

Facts About Our Sun

And God's Son, Jesus

DISCOVERING OUR AWESOME GOD - Through the Masterpiece of His Creation!

Some Amazing Facts About Our Sun!

- The Sun is so large that it would take 1 million earths to fit the inside of it!
- If we travelled from the earth to the Sun at 65 mph, it would take us 165 years to get there!
- Life on Earth depends on the Sun. Here are just a few reasons why (from NASA):
 - The Sun's gravity holds our entire solar system together.
 - Heat from the Sun makes Earth warm enough to live on.
 - Without light from the Sun, there would be no plants or animals—and, therefore, no food and we wouldn't exist.
 - The light from the sun is what allows plants to grow thru the process called photosynthesis. Plants then create food for humans and animals.

Some Amazing Facts About God's Son, Jesus Christ!

- The power of our Sun teaches us how even more powerful our Creator God is. It also teaches us how much our God cares about us that He would give us a Sun that helps us to stay alive and healthy.
- The Bible teaches us that God created everything in the universe through His Son, Jesus Christ. (see John 1:3, and Hebrews 1:2)
- Jesus is the true source of light in the universe and our world. (see John 8:12)
- Jesus is the one who holds our universe together. (see Colossians 1:17 and Hebrews 1:3)
- I can ask Jesus Christ, the one who made me, to be my personal Lord and Savior!

"The Son is the exact likeness of God, who can't be seen. The Son is first, and he is over all creation. All things were created in him. He created everything in heaven and on earth. He created everything that can be seen and everything that can't be seen. He created kings, powers, rulers and authorities. All things have been created by him and for him. Before anything was created, he was already there. He holds everything together."

-Colossians 1:15-17 NIRV
